Computation's FREE Earth Week
Computer Reuse & Recycling Event: April 17th – 23rd
Reuse or Recycle a Computer: Have a Tree Planted!

TORONTO, CANADA - Looking for an environmentally sensitive and privacy ensured method to dispose of your unwanted computer equipment? Leave it with Computation for FREE during Earth Week and we'll have a tree planted on your behalf via a $1 donation for every major item recycled[1] to Tree Canada's Grow Clean Air program (a charitable organization which has planted over 80 million trees nationally over 20 years, www.treecanada.ca). Good for the environment! Good for the home! Good for the family!

From April 17th – 23rd, we are inviting the general public to drop off their unwanted computer equipment for recycling. The event is completely free! Businesses, individuals with large quantities, and those with specific requirements such as pick-up, data destruction or asset management should contact us about our services. All information present on systems will be securely destroyed.

The event will take place in Toronto at 280 Jane St., from 10:00am until 7:00pm Monday through Friday and from 10:00am until 6:00pm on Saturday & Sunday.

For more information, call 416.629.5667 or email recycle@computation.ca
Check us out at www.computation.ca

Computation is a computer equipment refurbisher, recycler, IT service provider, camera and ethernet cable installer serving Canada from facilities in the Greater Toronto and Montreal Areas since 2001.

[1]*Items for which donation will be made include but are not necessarily limited to: monitors, computer towers/desktops, laptops, printers, and multifunction devices.*
